## International Business Matchmaking from the U.S. Commercial Service

The U.S. Commercial Service Gold Key Service provides U.S. firms traveling to a foreign market with up to five pre-screened appointments to establish relationships with potential overseas agents, distributors, sales representatives, business partners and other local entities in-country.

International Trade Specialists at the U.S. Commercial Service work with counterparts in the 135 U.S. Embassies and Consulates overseas to provide access to resources designed to assist businesses in their global sales efforts.

The Delaware STEP Grant will fund the Gold Key Service of up to 7 Delaware businesses this year and STEP funds may be available to cover up to 50% eligible travel expenses related to a Gold Key business trip.
